I affirm that the above mentioned details are accurate; I agree that payment of registration fee is according to the terms of service of RST group of journals and I also agree the payment towards registration fee is non refundable. As an author I also agree to follow the professional publishing ethics while submitting my article for publication. Registration is only for the one author whose name is mentioned in this registration form and the concerned author is eligible to submit multiple articles as per the Journal policy and registered author should be first or second author in other articles submitted to be eligible for waiver. Registration in RST is eligible for submitting articles in our journals.

### **Disclaimer:**

RST is not a Society or an association but a group of academia and researchers sharing common interest of disseminating scientific information via online open access peer reviewed journals. Registration fee paid is only to make the author eligible for publishing articles in RST journals.

The fee paid is towards the expenses incurred towards managing the site, operating the site, funding the growth of site, article processing expenses, other miscellaneous expenses that are to be shared by the authors who publish through us. It is a business model in which a journal system is maintained by a team of academia and researchers through which authors and researchers can publish their research work by sharing the expenses incurred by operating the journals as registration fee. RST journals provide a platform for researchers to publish their research work at optimal cost incurred in the publishing process.
